Bridging Melbourne and Vienna

On 30 September 2026, Ambassador Ian Biggs welcomed Austrian author and artist Johanna Beisteiner to talk about Australian–Austrian people-to-people links in the fields of music and the arts.

Johanna Beisteiner presented her recently published book *Zwischen Melbourne und Wien*, written to mark the 100th anniversary of the death of former Austro-Hungarian Honorary Consul to Australia, Carl L. Pinschof. The book explores the lives of Carl L. Pinschof and his wife, opera singer Elise Wiedermann, highlighting historical and cultural ties between Australia and Austria and the contribution of Austrians to Australia's society.

✨ Stay tuned: there are plans to publish an English-language edition and present it in Australia.
